Subject: FW: List of experts and letter of invitation
Attachments: Potential Experts for PCB IRIS.docx; PCB Expert Recommendations.xlsx; Draft Invitation to Expert Reviewers.docx

Hi Anu,

Please review the lists of experts proposed by ICF for cardiovascular and hepatic toxicology.

Cardiovascular: Ex. 5 Deliberative Process (DP)

Hepatic: Ex. 5 Deliberative Process (DP)

We would appreciate your input and recommendations by COB tomorrow (5/26). Also, please review the attached draft invitation letter and send us your comments on that as well.

Thanks,
Geniece

Subject: List of experts and letter of invitation

Hello Geniece and Laura,

I'm sorry this is a bit late but attached you will find 3 documents. The first is a memo (Potential Experts for PCB IRIS.docx) documenting our sources for finding experts along with some information on the process by which we evaluated them. Also in the memo is a list of the expert names along with ICF recommendations for their possible roles in the PCB assessment. A much more detailed list is available on the first sheet of the excel workbook (PCB Expert Recommendations.xlsx). In this workbook you will also find contact information and PMID lists for the experts as well as PMIDs of reviews we used in the search process. Finally, we've attached a draft Letter of Invitation for the experts for your review (Draft Invitation to Expert Reviewers.docx).

I look forward to discussing the list with you on Thursday at our check-in meeting.

Thanks,
Joanne
